

Name: _____

Week of 4 December 2023

Practical Life Homework
Care of Environment: Flower Arranging

Instruction:

1. Choose a small vase and carefully carry it to a table.
2. Bring a small pitcher of water to the same table.
3. Take a dry cloth or sponge, along with a doily, to the table.
4. Place a bunch of flowers without thorns on the table. (An adult should pre-cut the stems of the flowers to fit the vase and remove any excess leaves.)
5. Fill the vase halfway with water. (If you have a funnel, place it in the vase and pour the water through it.)
6. Use your sponge to wipe away any water on the outside of the vase.
7. Select some flowers and place them in the vase.
8. Place your flower arrangement on top of the doily.
9. Return your sponge and pitcher to the kitchen.
10. Enjoy a snack or activity at the table you have brightened with your flower arrangement.

If you would like to send in a 3x5 hard copy photo of your child performing this task, we will be happy to post it on our Community at Work bulletin board. Seeing themselves on the board gives them a greater sense of pride and encourages independence.
