Practical Life Homework
Care of Environment: Organizing Books

Encourage your children to clean and organize their home libraries.

Instructions:

1. Carefully remove all your books from their shelves and place them on a flat, clean surface.
2. Collect a duster or dust cloth.
3. Dust or slowly wipe each shelf from top to bottom and left to right.
4. Return the duster or dust cloth to its proper place.
5. Separate the books into groups according to size.
6. Using a clean cloth, gently wipe the spine, and front and back covers of each book.
7. Return your books to the bookshelves. Starting on the left side, place the books in order from tallest to shortest, or place them from back to front with the tallest books in the back.
8. Enjoy a favorite book from your nicely organized library:)

If you would like to send in a 3x5 photo of your child performing this task, we will be happy to post it on our Community at Work Bulletin Board. Seeing themselves on the board gives our students a greater sense of pride and encourages independence.
