Week of 6 April 2026

**Practical Life Homework**  
Care of Environment: Planting

**Materials:** Potting mix, seeds (e.g., beans), small pot, water, scoop, sponge

**Instructions:**

1. Bring your materials to a table.
2. Count 3 to 5 seeds from the seeds you selected.
3. Choose a container, such as a small pot or cup.
4. Using a spoon or scoop, add potting mix to your container.
5. Use your finger to make small dents in the potting mix.
6. Place one seed into each of the dents.
7. Cover the seeds with another scoop of potting mix.
8. Add a small amount of water to the potting mix.
9. Use your sponge to wipe away any spilled potting mix or water.
10. Place your seedling by a window facing sunlight.
11. Observe and care for your seedling daily.

If you would like to send in a 3x5 hard copy photo of your child performing this task, we will be happy to post it on our Community at Work bulletin board. Seeing themselves on the board gives our students a greater sense of pride and encourages independence.
